To Whom It May Concern,

I am applying for your fulfillment specialist position. I have 30+ years experience in warehouse, shipping, receiving, storeroom, as well as route sales delivery customer service, and some time as an assistant manager and as wholesale manager for a small publisher. I believe I could perform the job well for you. I have just been furloughed from my position as receiver at Chestnut Hill Hospital. This happened last Wednesday 07/03/2013, so I am available immediately. My most recent salary with the hospital was \$16.89/hr.

I hope to hear from you.

Thanks so much,

Michael Mikolajczak
